

LANGHAM SUREGRIP

OPTIONAL LINK ARMS

For greater re-assurance the Langham SureGrip can be easily linked together using additional link arms and a spreader bar.

The raisers can be used on chairs, sofas and beds of varying sizes. Depending on the footprint of the furniture depends on the link required.

For chairs and small sofas, a cross-style link or two side by side is suggested.

For large sofas and beds or furniture with six legs/casters, then a line-style link is possible between the legs.
